

# CHILD NUTRITION REAUTHORIZATION

FIND YOUR ELECTED OFFICIAL

## TAKE ACTION TODAY Wisconsin kids are depending on it

### Ask Congress to Ensure Schools Provide Healthy Meals

To ensure every child has access to the meals they need to grow, learn, and thrive during our nation's recovery and beyond, our lawmakers must pass Child Nutrition Reauthorization legislation that strengthens the Child Nutrition Programs. CNR occurs every five years. However, Congress has not passed CNR legislation since the Healthy, Hunger Free Kids Act in 2010. Without CNR, child nutrition programs generally can't significantly expand or improve.

#### Through Child Nutrition Reauthorization, Congress can:

- Improve program access
- Support participation by underserved children
- Ensure nutrition quality
- Simplify program administration and operation

Everyone has something to bring to the table in the fight against hunger. What we do together today will influence who can get enough to eat tomorrow and for generations to come. Learn more at <https://www.feedingwi.org/publicpolicy/>

### WHAT CAN YOU DO TO TAKE ACTION FOR CNR RIGHT NOW

**Get Knowledgeable!**
