

**2022 Hunger and Health Summit
April 24-26th, Chula Vista Resort, Wisconsin Dells**

Summary and Event Profile

Feeding Wisconsin will be hosting its sixth annual Hunger Summit at the Chula Vista Resort in Wisconsin Dells, April 24-26th, 2022 (Pre-conference Sunday night and two full days of Summit Monday and Tuesday).

The Summit will bring together over 300 attendees from across the state for two days of education and networking to advance our shared mission of ending hunger, improving health, and strengthening communities.

Over the last five years, the conference has grown from a one-day convening to a two day event with pre-conference evening reception, attracting local, regional and national hunger and health leaders to speak and present sessions.

It has become one of the premier hunger-relief and health promoting conferences where all stakeholders in the food and health - hunger relief service providers, ending hunger and nutrition advocates, healthcare providers, physicians, hospitals, legislators, growers, and food industry - come together to learn about best practices and evidence-based solutions to improve the health of Wisconsin through food access.

For more information about the previous Hunger and Health Summits, including agendas, speakers, and presentations, please visit the [Conferences page on website](#) for information, agendas, and materials from previous years' Summits.
